**GABRIELLE'S ANGEL FOUNDATION FOR CANCER RESEARCH WELCOMES NEW
MEDICAL ADVISORY BOARD MEMBER: CARL JUNE, M.D.**

New York, NY (February 3, 2010) – Gabrielle's Angel Foundation for Cancer Research is proud to welcome **Carl June, M.D.**, Director of Translational Research at the Abramson Cancer Center at the University of Pennsylvania and investigator with the Abramson Family Cancer Research Institute, to their medical advisory board. Dr. June maintains a research laboratory that studies various mechanisms of lymphocyte activation as they relate to immune tolerance and adoptive immunotherapy. He has co-authored more than 250 peer-reviewed publications and is the recipient of numerous awards, including the Frank Brown Berry Prize in Federal Medicine (1997), the William Osler Award (2002), and the Bristol-Myers Squibb Freedom to Discover Award (2005—2009). He currently serves as President of the Clinical Immunology Society.

After graduating from the Naval Academy in Annapolis, Maryland, and Baylor College of Medicine in Houston, Texas, Dr. June completed his graduate training in immunology at the World Health Organization in Geneva, Switzerland. He then went on to pursue postdoctoral training in transplantation biology and medical oncology at the Fred Hutchinson Cancer Research Center in Seattle, Washington.

About Gabrielle's Angel Foundation for Cancer Research

Gabrielle's Angel Foundation for Cancer Research was created in 1996 by Denise Rich and her daughters in memory of their daughter and sister, Gabrielle Rich Aouad, who passed away at the age of 27 after a long and valiant struggle with acute myelogenous leukemia (AML). It was Gabrielle's wish that a foundation be created to help spare others the suffering that she endured. The mission of Gabrielle's Angel Foundation is to fund basic and clinical medical research in both conventional and integrative disciplines which focus on prevention, treatment and quality of life issues of leukemia, lymphoma and related cancers. To date, the Foundation has awarded over \$13 million in Medical Research Awards making Gabrielle's Angel Foundation one of the largest non-governmental sources of grant support to blood cancer researchers at the nation's leading institutions.
