This year marks 25 years since Gabrielle Rich passed away from leukemia. It was her wish and vision to create a foundation to fund research so that others would not suffer as she did. It has been our honor to continue her legacy and we could never have done it without our generous supporters. We thank you from the bottom of our hearts!

★ OUR MISSION STATEMENT

Gabrielle's Angel Foundation for Cancer Research funds the nation's best and brightest scientists whose research focuses on finding less toxic treatments for patients with leukemia, lymphoma, and related cancers. On average, eighty six cents of every dollar directly funds research which to date represents more than \$37 million in global giving. For twenty five years, the Foundation has honored Gabrielle's memory by funding the boldest, most cutting-edge ideas in cancer research.
