EQUINOX

A white carton of flow alkaline spring water is shown splashing in clear water. The carton is tilted, and water droplets are frozen in mid-air around it. The background is a soft gradient of light blue and pink. The carton features the 'flow' logo in large blue letters, with 'alkaline spring water' written below it. A small circular seal on the carton indicates 'pH 8.7'. At the bottom of the carton, it says '100% naturally alkaline spring water' and 'with naturally occurring electrolytes, essential minerals and an alkaline pH of 8.1'. The volume '1 L (33.8 FL OZ)' is printed in green at the bottom left of the carton.

Water that's  
healthier for you,  
and the planet.
