

The image features a vibrant red background. In the center, the letters 'H' and 'B' are rendered in a large, elegant, white serif font. The 'H' is positioned to the left of the 'B'. The 'B' has a distinctive decorative element on its right side, consisting of a series of white, curved lines that fan out, resembling a stylized feather or a burst of light. The background is adorned with large, stylized pink and red leaf patterns that curve around the central text, creating a sense of movement and depth. The leaves are outlined in white and filled with various shades of pink and red, giving them a layered, almost three-dimensional appearance.

## MISSION STATEMENT

Gabrielle's Angel Foundation for Cancer Research funds the nation's best and brightest scientists whose research focuses on finding less toxic treatments for patients with leukemia, lymphoma, and related cancers. On average, 88 cents of every dollar directly funds research which to date represents \$39 million in global giving. For more than two decades, the Foundation has honored Gabrielle's memory by funding the boldest, most cutting edge ideas in cancer research.
